

# Would you like to train with United for FREE?

Hi,

At Santa Rosa United ("United") Soccer Club, we pride ourselves on playing as a team to produce imaginative, entertaining and skillful soccer. We take the time to develop and nurture our players to ensure they reach their full potential. By guiding players through our extensive training program with our experienced coaches, we have developed many great college-bound players over the years – something that we are very proud of.

Soccer has been played for over 30 years in Santa Rosa and United has established itself as a Nike Premier Club in Northern California. Our training regime has been developed based on the principals of developing young player skills, having fun, playing with imagination, speed and style. Playing with United encourages children to get active, learn new and develop existing skills, improve play, make new friends and learn to play the United way. At Santa Rosa United we believe that the discipline of working as a team and nurturing a love of soccer, significantly helps a child's personal development by teaching important life skills.

You are invited to train for **FREE** with United at one of our special training sessions or perhaps, based on your experience, even train directly with one of our teams. We want to meet you and give you an opportunity to see how United training can help you.

We hope you will join us and **learn to play soccer the United way**. Please contact one of our coordinators below to sign up.

Kind regards

*Dave*

Dave Shaffer  
Director of Coaching
